Planned release date: June 8th 2021

Price: 14.99USD / €12.49 / £11.39

Genre: Platform Adventure

Platforms: Steam

Game modes:

Single Player

Short description:

A wouldbe hero if only people would take him seriously, Snake-Man is on a mission to prove his super skills by saving the planet Earth from an alien invasion. Together with his motley crew of adventurers, the Professor, Sophia, her dog "Doggo," and Liam, Snake-Man sets off for Earth to prove his worth to his fellow Snake-People back home by fending off an invasion of Grandiots.

Join the team through four colorful environments, collecting items, power ups and achievements, and fighting some bosses along the way. With a quirky sense of humor and an outlandish story, Snake-Man's Adventure pays tribute to 90s classics while not taking itself too seriously and keeping it fun and simple for a younger audience.

Features:

- Platformer Adventure with Metroidvania elements
- Retro-inspired graphics and sounds
- 4 different environments / climate zones
- 4 different collectible items (coins, gemstones, hearts, heart containers)
- Spaceship headquarters allows player to return after completed levels and restock lifes
- Game Controller Support
- Steam Achievements Support
- 7 supported languages (English, Spanish, French, German, Brazilian Portuguese, Russian, simplified Chinese)

Company Bio:

Founded in 2020, DosoSoft is an independent video game development studio based in Germany. Felix Schwerz, Managing Director: "Inspired by classic games of the 8- and 16Bit era, my goal is to bring the classic gameplay experience to a modern audience, while taking advantage of the opportunities presented by today's technology." What is a typical DosoSoft-Game like? "Fun. Colorful. And certainly not taking itself too seriously."
